2. Cybersecurity

The ICT Department of Mzuzu University invites applications from suitably qualified persons to enroll in Cybersecurity Training. The training amalgamates concepts and principles of Certified Network Defense (CND) and Certified Ethical Hacking (CEH). This training will help professionals play an active role in the protection of digital business assets and detection and response to Cyberthreats while leveraging threat Intelligence to predict them before they happen. The training is designed to help organizations create and deploy the most comprehensive network defense system.

The ICT Department is an Accredited Training Centre for CND and CEH by EC-Council.

Some of the topics to be covered:

- Network Attacks and Defense Strategies
- Risk Anticipation with Risk Management
- Threat Prediction with Cyber Threat Intelligence
Data Security
- Network Traffic Monitoring and Analysis
